Dear Mr. Hagen:

Re: Ten Day Notice X87-02-006-011-TV-3, 3 of 3, Co-Op Mining Company,  
Bear Canyon Mine, ACT/015/025, Emery County, Utah

This letter responds to the aforementioned TDN, received by  
Lowell Braxton on September 28, 1987.

T87-02-006-011, 1 of 3. The operator repaired the C1U culvert  
and the pond inlet diversion. The discharge from the two diversions  
were controlled and protected. The operator's repair work was field  
checked on October 6, 1987. An NOV is not warranted, since the  
repair work was completed before the October 8, 1987 TDN deadline.

T87-02-006-011, 2 of 3. Using your INE 27 TDN procedures, the  
operator was given written notification that the permit requires  
revision. The operator will have until November 6, 1987, to revise  
the mine plan.

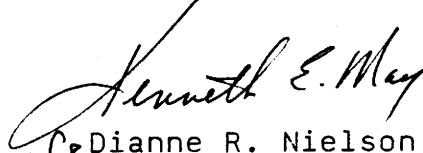

T87-02-006-011, 3 of 3. Using your INE 27 TDN procedures, the  
operator was given written notification that culverts C1R, C2R and  
C3R need to be deleted from the permit. The operator will have until  
November 6, 1987 to revise the mine plan.

No Notice of Violations will be issued for Nos. 2 of 3 and 3 of 3  
provided the time frame for revisions submitted are met by the  
operator and provided that diligent attempts to appropriately modify  
the plans are made by the operator, or should the initial submission  
be less than adequate.
